1. The “Transaction Amount” is the amount that you send from Your Bank Account in an ACH Pull Transaction minus any applicable fees and prior to any foreign exchange conversion.

10. Transaction History.

You can access the details of all your Transactions and other information relating to your use of the Service by logging into the Service via the Web.

11. Refused Transactions.

We reserve the right in our sole discretion to refuse any Transaction. Reasons for refusal may include but are not limited to an inability to match your registration information with your bank account details, incorrect Recipient details or an insufficient deposit amount. We generally will attempt to notify of you of any refusal, using the contact information provided as part of your registration, stating(where possible) the reasons for the refusal and whether the problem can be corrected. We will not notify you of a refusal where to do so would be unlawful.

12. Cancellation of Transactions.

You can cancel for a full refund for up to 30 minutes after you pay for the transaction unless the funds have been picked up or deposited.

13. Fees

1. **Transaction Fees.** We charge a fee on every Transaction. Fees relating to the Transaction are fully visible to you before you accept the Transaction. Further information on our fees are published on the Service Website at biz.wirebarley.com. The Transaction Fee is deducted from the Transaction Amount prior to conversion. Transaction Fees do not include any fees that your bank or the Recipient's bank may charge. Those fees may be deducted from your deposit (in the case of your bank) or the delivered amount (in the case of Recipient's bank).

2. **Administration Fee.** An Administration Fee may be incurred when your Transaction is refused due to incorrect payment details, regulatory requirements or any other reason. (This fee is in addition to any amount your bank or the Recipient's bank may assess.) Any Administration Fee will be deducted from your Transaction Amount. Our current Administration Fee for Refused Transactions is 5 USD per Transaction.

14. Service Providers.

We use agents and service providers to help us deliver the Service to you. For example, WireBarley manages the Service on our behalf as our service provider. Among other functions, WireBarley provides customer service and other functions and arranges delivery of funds to Recipient abroad. Regardless, all services provided by WireBarley or other agents or service providers are performed at our direction and subject to our supervision and control.

15. Errors and Compromised User Credentials.

Once Transactions have been executed, they cannot be reversed, and, except as expressly set out in this Agreement, we will not be liable in any way for any loss you suffer as a result of a Transaction being carried out in accordance with your instructions. If you believe there to be an error in connection with a Transaction or other problem as set out in this Section 16, then you should notify Client Support at us@biz.wirebarley.com or (855) 585-1024

1. If you think there has been an error or problem with your transfer, you must contact Client Support no later than 180 days of the date we promised to you that the funds would be made available to the Recipient. When you do, please tell us as much of the following information as possible: (1) Your name and address; (2) The error or problem with the transfer, and why you believe it is an error or problem; (3) The name of the person receiving the funds, and if you know

it, his or her telephone number or address; (4) The dollar amount of the transfer; and(5) The confirmation code or number of the transaction.

2. The law generally requires us to investigate and determine whether an error occurred within 45 days after you contact us, but typically we will conduct this investigation and make a determination within ten business days. We will inform you of our determination within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation. You may ask for copies of any documents we used in our investigation.

3. If your Transaction history shows Transactions that you did not initiate, please contact Client Support at once to let us know. Client Support must hear from you no later than sixty days after the date we make available to you the periodic statement in which the error appears. If you do not tell Client Support, you may not get back any of the money you lost after the 60 days, if we can prove that we could have stopped someone from taking the money had you told us in time.

4. Tell Client Support at ONCE if you believe your user credentials have been compromised. Telephoning is the best way of keeping any losses to a minimum. Compromise of your credentials could allow thieves to access Your Bank Account to make unauthorized payments. If you notify Client Support within two Business Days, you can lose no more than \$50 if someone uses your use credentials without your permission. If you do NOT tell us within two Business Days after you learn of the compromise of your credentials, and we can prove we could have stopped someone from using your credentials without your permission if you had told us, you could lose as much as\$500.

7. For losses or damage arising from your misuse or inability to use the Service Website, whether due to reasons within our control or not;
